Don said no to being the lead for the FR notice and thought that Christine was interested. I am willing if no one else wants to take it on.

I think we should switch back to Don. He was lead for FRN; it's just that on the manager's call last week, when I said I would be sending my comments in, a few folks asked me to make some changes and send it around. Let's get it back in Don's hands.

I agree that we've lost version control. We need to assign leads for the final versions for all the documents: FRN, letter (me), decision document, Rtc. Need to nail this down.

Hi everyone,

I've added a few comments to the FRN as well.

I think this is ready for legal review -- Jeff, Steve, and JB.

I wish there was some way to make this all less confusing.

I get lost in the words and references...I can't imagine the public's read.

Alas, I don't think there is a solution...perhaps just the nature of FRNs...especially this one.

Thanks for all the work, Joelle

I'm okay with removing it as well since the FRN will be old news and the real news will be the decision letter in which we do acknowledge the progress the state has made.

I think it looks fine except for the comments adding language about which MMs we have given interim approval to. I thought we agreed on the call today that we would only focus on forestry---the basis for the disapproval decision and that the FRN was not the place to get into the other MMs. See comment attached.

My comments on the FRN are added to the version Jennifer commented on. It's looking good. I am particularly sensitized to tone and sound of the message, hence, provided some wording changes to "failure to submit" language. I recommended that we use less inflammatory language such as "has not submitted an approvable program". My comments reflect those wording changes.

Hi all,

Ex. 5 - Attorney Client

Lynda had asked for an updated tally of the conditions that have been met. Can someone add that at or near the place where Lynda's comment is?

Please let me know if you see anything else that needs to be addressed.

Thanks,
